04

Core Values

Innovation

Fostering ongoing innovation in technology and artificial intelligence to address the changing demands of business.

Optimization

Dedicated to enhancing every service and feature to guarantee optimal performance for user enterprises.

Collaboration

Establishing trust as the foundation of collaboration with partners and clients, while developing solutions that foster mutual success.

Dynamic

Develop flexible and adaptive solutions that are prepared to meet diverse business requirements.

Humanist

Designing technology that prioritizes the human element, guaranteeing quality and user-friendliness for every customer.

05

Company History

Maxchat was established in 2019 to address the market demand for a WhatsApp API Gateway, which was notably limited at that time. Initially a basic platform, Maxchat has evolved into a comprehensive omnichannel solution featuring CRM and AI chatbot capabilities. As market demand has surged, the influx of customers has enabled the company to achieve sustainable growth alongside an expanding team.

- 
- 2019**
 - Launching the Maxchat WhatsApp API Gateway service to the public.
 - The initial paying customer, along with the acquisition of new customers each month.
 - The team expanded by one individual, providing assistance on the technical front.
 - 2020**
 - Introducing WhatsApp Customer Support.
 - Turnover increased twelvefold from prior levels.
 - The team expanded by two individuals to enhance sales and operations.
 - 2021**
 - Registering PT. Maxchat Inovasi Indonesia.
 - Becoming a Meta ISV for the WhatsApp Business Verified API service in Indonesia.
 - Turnover increased fourfold from prior levels.
 - The team size expanded by 10 individuals, enhancing both marketing and development.
 - 2022**
 - Establishing a representative office in Jakarta
 - Launching the Omnichannel MultiChat service.
 - Turnover increased by 1.5 times compared to the previous period.
 - The team expanded to 13 members, enhancing support.
 - 2023**
 - Launch of the Maxchat Omnichannel service, which replaces MultyChat.
 - Turnover increased by a factor of 2.3 compared to previous levels.
 - The team expanded to 20 individuals for product development.
 - 2024**
 - Officially attain the status of a Meta Business Partner.
 - Commence the development of AI-driven products.
 - The team expanded to more than 30 individuals.

Competitive Edge

Data Security and ISO

Implementing best practices and ISO 27001, CSM, security end-to-end encryption, two-factor authentication, and SSL standards across all services can be enhanced with dedicated server or on-premise solutions.

Dedicated Support

Assisted by a dedicated account manager and a dependable, responsive support team available via WhatsApp groups and call centers, we address both technical and non-technical issues.

Ease of Service

Accessible on business marketplace platforms, including E-Katalog and MBIZ Market, featuring flexible payment options and subscription durations.

Versatile Platform

The application platform is tailored to address specific user requirements, featuring add-on systems, integration with existing frameworks, or complete customization.

Competitive Pricing

The most advantageous offers to ensure business continuity, featuring competitively priced packages without compromising service quality.

High Performance

The platform architecture is meticulously crafted from the ground up to accommodate high loads and can be scaled through infrastructure enhancements.

11

Revenue Insights

Maxchat has demonstrated remarkable year-on-year revenue growth, fueled by strategic service expansion, continuous product enhancements, and exceptional customer satisfaction. Leveraging our cutting-edge digital communication solutions, we have consistently attracted diverse industries, solidifying our market leadership. Guided by a dedicated team and a forward-thinking approach, Maxchat continues to drive sustainable growth, with 2024 marking another milestone in our success journey.

12

Partners

Maxchat collaborates with various stakeholders to support and strengthen our business activities. This involvement includes strategic partnerships with technology providers, communication platforms, and system integration services to deliver optimal solutions for our clients. We work closely with our partners to ensure that every aspect of Maxchat's services—from technology infrastructure to daily operations—supports seamless, innovative, and responsive digital communication for our customers.

Our Partners:

Portfolio Highlights

Juara OMS

Integrated asset management platform for fund managers, customers and brokers, and supports Juara Capital's internal asset management with real-time dashboard features, stock simulations and accurate reports.

MDU

Dashboard komunikasi pelanggan untuk distribusi pulsa, mengintegrasikan WhatsApp dan Telegram dengan chatbot otomatis, sistem tiket, dan pelaporan kinerja untuk meningkatkan efisiensi layanan.
