EDUCATION

Universitas Indonesia, 2023 - 2027 (Expected)

Bachelor of Information Systems

GPA: 3.76/4.00

Awardee of Pertamina Foundation's Sobat Bumi Scholarship 2024-2025

Teaching Assistant of Introduction to Computer Architecture 2024/2025

WORKING EXPERIENCE

Cloud Product Intern, Indosat Ooredoo Hutchinson (IOH)

Apr 2026 - Oct 2026

- Picked one of 40 out of 17.000+ applicants around Indonesia as an INSPIRE Apprentice.
- Work alongside Lintasarta to develop a refresh on their Cloud Platform that integrates IOH's AI leverage.

ORGANIZATIONAL EXPERIENCE

Project Manager, RISTEK Fasilkom Universitas Indonesia

Mar 2024 - Mar 2026

- Served as Head of Product for *ristek.link*, leading development of a link shortener used by 4,000+ users and generating 15,000+ links in the past year.
- Oversaw projects totaling over 70M IDR, delivering each within budget and timeline while coordinating cross-functional teams.
- Developed PRDs, WBS, and roadmaps while leveraging tools such as Asana, Jira, and Mixpanel to align engineering, design, and operations for efficient delivery.
- Directed the development of enterprise applications, including a hospital management system and an apartment management platform, ensuring high-complexity requirements were met.

Project Specialist, ShaRE Universitas Indonesia

Feb 2025 - Jul 2025

- Led a feature team responsible for mapping and ideating AI integration aligned with the client's long-term product vision in their rising EduTech platform.
- Produced actionable feature roadmaps and communicated them to stakeholders, aligning technical feasibility with business goals.

Project Development Team, AIESEC in Universitas Indonesia

Feb 2024 - Feb 2025

- Organized LeadVisit to 3 global companies, offering participants real-world exposure and networking opportunities.
- Coordinated LeadTalk, managing 8 industry speakers and event logistics for a 500+ attendee talk show.

AWARDS AND PROJECT EXPERIENCE

Product Experience

tofly.id, AI-Powered TOEFL Learning Platform – Founder

Founded and built an accessible TOEFL ITP learning platform for Indonesian learners, offering affordable practice. Received bootstrap funding from the Ministry of Higher Education, Science, and Technology. [Website](#)

ristek.link, Link Shortener Platform – Head of Product

Contributed with leading *ristek.link* to 4,000+ users and 10,000+ shortened links in one year, introducing collaborative features to boost usability and external outreach. [Website](#)

Hospital Management App – Project Manager

Delivered a mobile app for the internal medicine department of a national hospital, adopted by 200+ staff to streamline patient and operational workflows.

Data Science and AI Awards

GEMASTIK 18 – ICT Scientific Paper - 1st Place (NATIONAL)

PINK-MVAN: Quantized Multi-View Adaptive Networks for Breast Cancer Detection using Mammography

Co-authored a national-level scientific paper proposing a lightweight multi-view deep learning model. Achieved **99.9% model size reduction** (to 0.059 MB), **75.7% recall**, and **8× faster CPU inference** through knowledge distillation and post-training quantization. [Paper](#)

Kominfo TSA Data Science Competition 2024 – 1st Place (NATIONAL)

Built a machine learning model to predict repeat purchases of dairy products using Out-of-Fold Hill Climbing optimization, coupled with a customer segmentation analysis. [Slides](#)

Sebelas Maret Data Science Competition 2024 – 1st Place (NATIONAL)

Developed a weather forecasting model leveraging lagged correlation to enhance precipitation and electricity shutdown predictions. [Slides](#) [Paper](#)

Telkom University Data Slayer 2.0 – 1st Place and Best Presentation (NATIONAL)

Designed a fall detection model for video sequences using computer vision and Euclidean-based sequence reconstruction. Achieved a 100% accuracy score on the test set. [Slides](#)
